

WMB Environmental Policy

WMB (Installations) Limited is an Electrical Contracting company that delivers high quality electrical installations to Construction, Commercial, Educational, Health and Industrial companies and institutions.

“WMB (Installations) Ltd aspires to protect the environment in which it works, and the well being of its employees and team members by fostering a corporate culture which encourages responsible treatment of the earth’s resources and all people with whom we interact.”

Within WMB (Installations) Ltd, we recognise that we can reduce the environmental impact of our activities by simply trying to do everything better, in every area in which we work. In this way we seek to make small but continuous changes that improve our environmental performance.

To achieve this, we will commit to:

- Comply fully with all relevant legislation and regulations, and whenever practical meet or exceed industry best practice on environmental issues.
- Promote this policy throughout the Company, and ensure that all staff receive Environmental training appropriate to their role and responsibilities.
- Promote our aims and aspirations with our Customers, Consultants, Subcontractors and Suppliers, and strengthen relationships with those whose aspirations complement our own.
- Minimise waste and make efficient use of energy and materials on our sites and in our offices.
- Segregate waste for recycling whenever conditions permit, or to otherwise use waste handlers that sort and recycle waste, reducing the quantity of waste sent for landfill or incineration.
- Minimise pollution risks on our sites, adopting requirements of Environmental Agency Pollution Prevention Guideline 6 “Working at Construction and Demolition sites” as the minimum standard required for all sites that are under our control.
- Recognise that we have an impact on the communities and local environment in the areas in which we work, and to manage our activities to minimise their effects with particular regard to noise, dust, litter, mud, transportation and parking.
- Maintain a modern, well-serviced and efficient fleet of vehicles, and promote good driving practice to minimise the use of fuel.
- Review, build upon, and commit to our Environmental Policy annually.
- Publish an annual Environmental Report, reviewing our activities over the year, our objectives for the next twelve months, and our longer term plans. Publish this report on our website, and provide a copy to anyone who legitimately requests it.

Overall responsibility of this policy rests with the Directors of WMB (Installations) Limited.
